

THE PARENTS' GROUP
ADMIRAL FARRAGUT ACADEMY

“Prevention. That’s the name of the game when it comes to warding off harm caused by the sun’s harmful UV rays. With prevention comes the need to make the effort a part of your daily routine. That routine should involve the liberal application of sunscreen.”

2017 Make Big Change - www.makebigchange.org

As the Parents’ Group moves ahead with the **Shade Project**, we would like to install sunscreen dispensers at selected locations around campus. The all-natural SPF 30 blend sunscreen is oxybenzone and paraben free with UVA and UVB protection and water resistant for up to 80 minutes.

If you would like to sponsor a sunscreen station with your name and/or company logo (display measures 4”x6”), please fill out the bottom portion of this form and return it to the business office with payment or send back by mail to the following address: AFA Parents’

Group 501 Park Street North St. Petersburg, FL 33710 (if paid by cc you can also return the form by email to parentsgroup@farragut2.org). The cost is \$500 for one full year, this includes dispenser and sunscreen for a year. Please make all checks payable to AFA Parents’ Group.
