college
acceptance

ABOUT THE GOLF TEAM

The Admiral Farragut Academy Golf Team has the advantage of summer weather 12 months a year. This means more practice, more competitions, and ultimately; lower scores. The golf seasons begins in late August and continues until late October/November (based on performance in the state tournament). The BlueJackets home course is the best private club in St. Petersburg and is at the Pasadena Yacht & Country Club located just 10 minutes from campus. Recently, Farragut sent one player (Robbie Vinson, Class of 2018) to the Regional Championship where he narrowly missed the cut to advance to the State Championship by 2 shots. The golf team graduated multiple seniors and hope for a great upcoming season with new young talent.

ABOUT THE LACROSSE TEAM

The Admiral Farragut Academy Men's Lacrosse Team has established themselves as the best program in Pinellas County and has climbed up the state rankings. The BlueJackets completed the 2018 campaign with an overall record of 11-4-1; the first winning season in the program's short history. Bolstered with Canadian talent, the BlueJackets took the high school lacrosse community by storm after rattling off 9 wins in their first 10 games; moving them inside the top 25 in the state rankings.
